

# 5th International Symposium on Wearable Computers

ETH Zurich  
October 7, 2001

## Tutorials

**08:00**      **Registration – ETZ building**

**09:00**      **Morning Session**

**1. Tutorial: An Introduction to Augmented Reality – ETZ E6**

Mark Billinghurst (Univ. Washington), Dieter Schmalstieg (Univ. Vienna)

**2. Tutorial: Designing for Wearability – ETZ E7**

Francine Gemperle (CMU), Peter Sellar (Sellar Design & CMU)

**3. Workshop: Guidelines for Adaptive Speech/Audio/GUI Multi-Modal Interfaces for Wearable Technology – ETZ E9**

Chris Thompson, Tom McKlin, Jennifer Ockerman (Georgia Tech)

**12:00**      **Lunch – Gloriabar**

**13:00**      **Afternoon Session**

**4. Tutorial: Privacy – ETZ E9**

Thad Starner (Georgia Tech)

**5. Tutorial: Contextual Design for Wearable Technology – ETZ E6**

Jennifer Ockerman (Georgia Tech)

**6. Workshop: Wearable Computer and Human Factors – ETZ E8**

Elke Reuss, Marino Menozzi (ETH Zurich)

**17:00**      **Evening Session**

**7. Tutorial: Low power wearable computing – ETZ E9**

Tom Martin (University of Alabama)

**8. Tutorial: Wireless communication for wearable computers – ETZ E6**

Dave Conway-Jones (IBM Pervasive Computing EMEA)
