Getting to the Symposium and Downtown Zurich

The symposium will be held at the [Main Building](#) of the **ETH Zentrum** which is in downtown Zurich. The address is

*Eidgenössische Technische Hochschule Zürich
Rämistrasse 101
CH - 8006 Zürich*

(Do not go to ETH Hönggerberg or University Zurich-Irchel which are located elsewhere in Zurich!). Downton Zurich, ETH Zentrum and the main railway station are all within 10-15 minutes walking distance from one another.

Figure 1: Picture of the ETH main building

From the airport (Zurich Kloten)

The easiest and most comfortable way to the conference site is to take a taxi-cab. This will cost you about CHF 60.- (taxi-cabs are fairly expensive in Zurich). It is **not recommended to take a rental car** since Zurich is quite confusing to get around by car. A cheap and yet comfortable way to get to the conference site is to use the excellent public transportation system. See below for detailed directions.

- After reclaiming baggage, **follow the signs "Bahn/Railway"** to ticket counters and machines. (Do not go all the way to the platforms yet.)
- The **ticket machine** accepts coins as well as 20.- SFr. banknotes and gives change. Also, there are English instructions on the machine. Depending on your needs, you can
 1. buy a day ticket for 10.80 SFr. (recommended) which is valid for 24 hours for all trams and buses in the three main zones of the city and the airport, or
 2. if all you need is to reach the ETH, press the red button where it says "Zurich City" (make sure that the display shows "2Std") and put in 5.40 SFr. The ticket is valid for 2 hours for any train to Zurich as well as for the trams and buses in the city.
- Take an escalator down to the **platforms 3 or 4**.
- Take a train going to "**Zurich main station**" (german: "**Zuerich Hauptbahnhof**" or simply "**HB**") Trains to the city centre leave approx. every 10 minutes and take about 10 minutes to reach main station.
- Once you have arrived at the main station you are in downtown Zurich. Now you can
 - go to the tourist office in case you need further information. The office is located in the big hall of the main railwaystation.
 - go to Zurich's most famous shopping street, the "Bahnhofstrasse".
 - go to the conference at ETH main building. See "From railway main station" just below for further directions

From railway main station

- Follow the signs at the railway station to get to the **tram stop "Bahnhofstrasse / HB"**. The trams in Zürich are numbered and the one that will take you to the "**ETH Zentrum**" carries number 6. To find the appropriate tram stop look out for a sign with this number. On the same sign a couple of destinations are listed, *ETH/Universitätsspital* and *Zoo* are the ones you have to look out for. Please note that in addition to the number every tram line has its own color, the tram number is on a sign of this color - in our case look out for a **tram with a orange/brown sign with the number 6 imprinted**. On the front sign of the tram the final destination station is shown, make sure the sign reads *Zoo*.
- If you haven't got a valid ticket yet please buy one now. The machine accepts coins as well as 20.- SFr. banknotes and gives change. Depending on your needs, you can
 1. buy a day ticket for 7.20 SFr. (recommended) which is valid for 24 hours for all trams and buses in the two main zones of the city, or
 2. if all you need is to reach the ETH, press the yellow button labeled "Kurzstrecke" and put in 2.10 SFr. The ticket is valid for 1/2 hour.
- The tram ride will take about 6 minutes. Leave at the third stop called "**ETH/Universitätsspital**".
- You are now standing exactly opposite the **Main Building** of ETH (ETH Zentrum). Enter and go to the registration desk.

Getting to the Tutorials

The tutorials will take place at

Departement of Electrical Engineering (D-ELEK)

Gloriastrasse 35

[ETZ building](#)

Follow the same [directions as for the symposium](#), but instead of leaving at the stop called *ETH/Universitätsspital* get off at the fifth stop called *Voltastrasse*. From the tram stop *Voltastrasse* Walking back some steps you will get to the main entrance of the Department of Electrical Engineering (building ETZ).
