**February 28th 2011**

For Submission Guidelines,  
Rules and Awards please visit

**WWW.ISWC.NET**

ISWC 2011, the fifteenth annual IEEE International Symposium on Wearable Computers, is the premier forum for wearable computing and issues related to on-body and worn mobile technologies. Fashion Design and Industrial Design Professionals and Students are encouraged to submit concepts worthy of exhibition. Projects with well-designed functioning prototypes have priority, but submissions of aesthetic prototypes with feasible functionality are also highly encouraged.
